

2010 Maine Rowing Association Season Series Championship

Each race finisher is awarded one point for finishing and one point for every racer they beat in their overall division - there need to be three racers finishing in a given division in three races to have an award category. Only men in singles met the criteria - there is no defined mechanism I am aware of to break a point tie - so WHAT THE HECK! - Co- Champions - Congrats, gentlemen!

Men's Singles
